

# SUMMER INTENSIVE

## Academy of Classical Ballet - CALIFORNIA | A Ballet Performance Workshop

The Academy Of Classical Ballet - CALIFORNIA offers an in-depth program during the summer that gives students of all-levels an opportunity to create their very own performance. From choreography, set design, anatomy, basic kinesiology, to the application of stage make-up, hair styling, costume design, & dance history classes; students will experience exactly what it's like to put together a show from start to finish. The workshop will culminate in an in-studio performance to present the final creation the dancers crafted over the summer. Our program has received high-praise and continues to be one of the South Bay's most extensive Summer Programs available.

If you are unable to attend the workshop, we have other options available: Weekly/Daily enrollment, (see tuition below) or Open Classes throughout the summer. If you are interested in dropping into additional classes other than those listed, please contact us about tuition and enrollment and for information on costuming and performance opportunities for weekly enrollment.
